## About ISM Edutech

ISM Edutech started with the motto of being the provider of opportunities for deserving students who otherwise would have been mere victims of high competition fee or misplaced career, We are being proactive in our approach and are aggressively trying to be able to help the healthcare industry in producing qualitatively superior health warriors(doctors), ISM Edutech thrives to provide the education a student deserves by giving them a safe environment to study and learn. And now, more than a decade later, ISM Edutech is synonymous with excellence in education advisory services. We are considered as one of the leading education consultants and training organizations from India, Kyrgyzstan, Kazakhstan, Tajikistan, Georgia, Barbados and United States in the field of Medical and Allied Healthcare Education, Admission and Training services.

## About Country

Barbados is a beautiful island country situated in North America. Currently, about 3,00,000 people call Barbados their home and about a million people visit the island each year to enjoy nature, relax on white sand beaches and spend time in a peaceful yet vibrant environment and curate new life experiences that can be adventured only in Barbados.

## About University

Bridgetown International University, School of Medicine (BIU) is a well-recognized and one of the fastest-growing private medical universities situated in Bridgetown, which is home to a UNESCO World Heritage Site and the capital city of Barbados, a Caribbean English-speaking island country in North America.

The University was established in 2016 with a mission to provide quality and affordable medical education to aspiring doctors, add more physicians to the healthcare ecosystem of the world, and contribute to the betterment of health for all.

Moving forward, Bridgetown International University aspires to be an accessible premier institution for providing healthcare education and training in all spheres of medicine and emerge as an elite transformational organization for quality medical education.

Currently, the University offers a 5-Year MD Program based on the US-medical curriculum to the medical aspirants worldwide, at affordable fees. Fees structure of the BIU MD Program is one of the lowest in the entire North America region while the quality of education is in conformity with the world-class standards. BIU MD Program strictly adheres to the requirements of the United States Medical Licensing Examination (USMLE), a mandatory licensing examination required to get qualified to get a license for medical practice in the US.

In the Campus, all the students are provided with the University managed facility for accommodation and food. At the University, students study & live in an environment of holistic development where they can participate in various sports and extracurricular activities and programs driven by community welfare.
